Dear Chess Friends!

We are sending you the invitation to the 27th International Chess Holiday in Prague – The Memorial of Professor Jaroslav Pelikán.

We invite not only families, but also individual chessplayers, chess groups and children groups with responsible guides. Also holiday-makers who do not play chess and who want to come and see Prague and Bohemia are welcome. We are pleased to offer you for the Chess Holiday the Amarilis Hotel which is situated in the city centre and attractively priced. We are looking forward to our regular guests and to new chessfriends.

Jaroslav Pelikan /*1927 +1997/ was one of the tireless chess organizers in the Czech Republic who devoted his time and most of his energy mainly to young people. He was living in a small town in Central Bohemia, in Cesky Brod and he was working there. He was a teacher of foreign languages and later he became a headmaster of a grammar school. He participated in the organization of Grand Prizes which were very popular in the 60s and 70s. Under the leadership of Mr. Pelikan the chess team of Cesky Brod won the prize of Zajecice several times since 1964. It was the prize of Czech chess championship. Under his leadership a small town with population of 5,000 people had the team which took part in very important tournaments of chess league. But the best achievement of the last period of his life was the organization of International Chess Holiday where closed tournaments took place. We can say that it is a real world rarity.

The International Chess Holiday differs from other chess tournaments as follows:

- 1. We do not use Swiss system of playing. We form all-play-all groups and each one consists of 10 players.*
- 2. We live and play chess in the same building, we organize our chess holiday under the same roof. www.hotelamarilis.cz*
- 3. We prepare special entertaining programmes for the participants of the tournaments as well as for all the other guests.*
- 4. We are eager to create good relations and friendly environment for our guests.*
